- All-American Skipper for Harvard
- All-NEISA first team
- Top – 5 World Championship Finish
- 3x ILCA North American Champion
- 6x National Champion

Biography

Robby learned to race at nine in an Optimist but did not specialize early; through grade school he also played lacrosse and soccer, studied piano, and wakesurfed. He began racing seriously at the end of his Optimist career, tried the 420 as a crew, then moved into the ILCA, where singlehanded racing became his focus. He has since competed across many disciplines, including match racing, college sailing, the WASZP and J/70, and foilboarding, though the singlehanded boat has remained the center of his racing.

The same standard held in the classroom. At Severn School he served as a prefect and scored 1510 on the SAT and 35 on the ACT, each in the 99th percentile. Racing the ILCA 6, he finished fifth of 225 at the 2022 World Championship and won the North American title the same year, the first of three North American championships he has taken across the ILCA classes and part of six national titles to date. He moved to the ILCA 7 in 2022 and has been the top American at consecutive European Championships; at Harvard he earned All-American honors as a skipper, made the All-NEISA first team, won national championships in singlehanded and team racing, and was elected captain of the sailing team for 2025–2026.

His work off the water followed the same line. He studied Applied Mathematics and Economics at Harvard with a 3.7 grade-point average, worked in operations at CrossnoKaye, an industrial controls start-up backed by Koch Disruptive Technologies, and spent a summer as an analyst at McKinsey. He now trains full-time in the ILCA 7, campaigning to represent the United States at the 2028 Olympic Games.

Results

ILCA 7 Sailing [2022 – Present]

Top American – European Championship 57 th /171	2026
Top American – European Championship 48 th /153	2025
